

GREEN & FAIR HOTELS

Every hotel on this list has been labelled as Green & Fair. They've been officially recognised for their sustainable practices by an independent organisation. To achieve this, a third-party assessment was done to certify the hotel complies with the Criteria of the [Global Sustainable Tourism Council \(GSTC\)](#), or another equivalent standard. The GSTC Criteria serves as the global standards of sustainability, which every hotel should aim to reach or exceed. The criteria covers four main areas – sustainable management, environmental protection, social and economic support to local communities, and preserving cultural heritage.

For every Green & Fair holiday booking, we donate £1 per adult and 50 per child to the [TUI Care Foundation](#).

Just a heads-up, we review our Green & Fair hotel portfolio three times a year, and award our Green & Fair label to hotels that are certified at the time of our review.
